

# LED E Strip Light ACCESSORY LIGHT

Source One Supply, Inc.

## Features & Benefits

- Available in 12", 24", 36" & 48" lengths with 9 LEDs per 12" section
- Printed circuit board is protected with polycarbonate extrusion - extremely resistant to moisture, dust and impact
- 3M adhesive mount - easy peel & stick installation
- 2.5" wire leads - 12Vdc connection to manually operated switch or automatically activated with door opening

Specifications (per 12" Section)

Operating Voltage:	12Vdc	Weight:	0.6oz (16g)
Operating Current:	150mA @ 12Vdc	Connection:	2.5" Wire Leads
Power Consumption:	2W	Polarity:	Reverse Voltage Protected
Temperature Range:	-40°C to +65°C	LEDs:	9 per 12" Section
Ingress Protection:	IP68	Adhesive Mount:	3M Double-Sided VHB Tape

Part #	Description	Mount Type	Ingress Protection	LED Colour	PCB Colour	Length
81226	LED E Strip Light	Adhesive	IP68	White	White	12"
81227	LED E Strip Light	Adhesive	IP68	White	White	24"
81228	LED E Strip Light	Adhesive	IP68	White	White	36"
81229	LED E Strip Light	Adhesive	IP68	White	White	48"
